Graphics Systems Corporation expands in Madison area Open House to be held

Menomonee Falls, WI - May 30, 2003– Graphics Systems Corporation, headquartered in Menomonee Falls, WI is pleased to announce its new Madison location in suite LL2 of the Park Bank building located at 2810 Crossroads Drive. Graphics Systems has been in the Madison area for the past three years and as of May 21 moved into the 1,600-square foot office.

This newer, larger facility will better accommodate the training classes, technical sessions, and product demonstrations Graphics Systems offers its growing customer base in the Madison area. A COSMOS/Works hands-on test drive has already been successfully held in the new office. Additionally, several SolidWorks training classes and demonstrations have been planned through July, with more to follow.

“The choice to upgrade offices confirms our commitment to the success of our customers in the Madison area,” states Dave Kasinskas, President of Graphics Systems. “Graphics Systems’ new location allows our customers easy access. Located off of highway I-94 in the Park Bank building and in the same business park as SolidWorks Corporation make this a desirable location. I believe this is best for customers allowing training and a place for SolidWorks users to meet for monthly Workouts.”

Graphics Systems Corporation is planning an Open House from 2:00 p.m. to 4:00 p.m. on Wednesday, June 11, 2003. The Open House will showcase products including SolidWorks, the Dimension 3D printer, COSMOS/Works finite element analysis software, and PDMWorks product data management software. A prize drawing will also be held. Graphics Systems’ monthly SolidWorkout, a free technical presentation on SolidWorks, will follow from 4:00 p.m. to 6:00 p.m. Refreshments will be served throughout the duration of the events.
